

The Deck Box is a functional yet roomy, ideal for almost any outdoor setting.

Made from a 0.6mm thick, powder coated, durable, galvanised steel, the generous 500L capacity storage solution is completely maintenance free; providing year-round protection from the weather and any pesky pests.

Contemporary in design, the Deck Box has a sleek aesthetic that blends seamlessly into its surroundings and is available in anthracite grey and sage green colourways.

Easy to assemble, it features integrated ventilation, a gas-strut assisted lid for easy access and a robust chrome T-bar locking handle for added security. Manufactured in the UK, comes with the Stone lifestyle 25 year warranty for added peace of mind.
