# GOOSE NECK LED TABLE & FLOOR LAMP

## ASSEMBLY INSTRUCTIONS

These instructions are provided for your safety.

Please read carefully before commencing work and retain for future reference.

### SAFETY INFORMATION

- \* The supply cable runs through the inside of the fitting. Take care not to place undue stress on the cable whilst unpacking to prevent the possibility of a poor connection.
- \* If you are in any doubt consult a person competent to give advice on the assembly of electrical equipment.
- \* If the external flexible cable of the lamp is damaged it shall be exclusively replaced by the manufacturer or his service agent or a similar qualified person in order to avoid a hazard.
- \* To prevent electrocution switch off at the mains supply before assembling or maintaining this product. Ensure the plug is not connected to any power supply and read instructions before assembly.
- \* Always unplug from the mains supply and allow the LED to cool down before handling.

THIS PRODUCT CONTAINS A LIGHT SOURCE(S) OF ENERGY EFFICIENCY CLASS

### ASSEMBLY INSTRUCTIONS

- 1) Ensure product is not connected to the mains supply.
- 2) Unpack the product and remove all packaging. Take care not scratch the surface of the product whilst removing the plastic wrapping. Ensure the ends of the poles or the plug do not scratch base.
- 3) Lay the product out on the floor, having previously covered it with a soft cloth to avoid damage to the flooring and product finish. Assembly should take place with the product lying flat.
- 4) It may be necessary to remove protective packaging (plastic / cardboard) located at cable entry points of the product.
- 5) Gently pull any excess cable out of the base until the pole meets the base.
- 6) Fit lower stem through the base whilst gently pulling the cable to ensure cable is not trapped during assembly, fit the washers and retaining nut onto stem then use a spanner to tighten the nut loosely. Position base as required to ensure alignment with centre of base then use a spanner to fully tighten the base into position.
- 7) Gently pull any excess cable out of the base then attach the base felt pad onto underside of base whilst making sure felt pad is central onto the base.
- 8) Stand the floor lamp upright and ensure all the assembled parts are fully tightened.
- 9) Connect the driver to the end of the cable then push this into the mains supply.

### GENERAL INFORMATION

This product is designed for internal use only. **Do not use polish or abrasive cleaner** – just a soft dry cloth.

To register your product for an extended five-year warranty, please complete the simple form at

[www.darlighting.co.uk/warranty](http://www.darlighting.co.uk/warranty)
